## Baby Blue Devils Lose To Clewiston

The Clewiston Junior Highers invaded Lair Field Tuesday night and defeated the Pahokee Junior Blue Devils, 19-13, to avenge the 13-0 loss handed them by the baby Blue Devils two weeks previously.

Pahokee scored first early in the first quarter when they took the ball over on downs on the Clewiston 49. On the first play Quarterback George McElhenny pitched out to Fullback Larry Elliott who sailed around right end on a 49-yard run for the TD. Halfback Alvy Early cut through right tackle for the extra point.

The baby Blue Devils scored again near the end of the game when McElhenny passed on his own 45 to End Tripp Alderman who ran the ball to the Clewiston one-yard line. Elliott again took a pitchout and skirted the end for the TD.

Clewiston scored a touchdown each in the second, third and fourth quarters. Their end, Wilbur Hayes, was outstanding in the visitors' attacks. Hayes was also the Clewiston team's punter and time and again he would fake a punt play to make long gains around the ends.

## Brown's Farm Road SR80 Repair Asked

Improvement of Brown's Farm Road and resurfacing of State Road 80 from Six Mile Bend through Belle Glade and South Bay to the Hendry county line will hold high priority in Palm Beach county's requests before the State Road Department budget meeting in Fort Lauderdale on Nov. 22, according to County Commission Vice Chairman Paul Rardin, who said he would ask the county to put these requests near the head of the list.

State Representative Emmett Roberts of Belle Glade will accompany the members of the county commission to the SRD meet in Fort Lauderdale when the requests for 1956 are made on Nov. 22. He has worked closely with the county commission and his cooperation has been beneficial in presenting the county's needs to officials of the road department. Both Brown's Farm road and SR80 are primary roads and the SRD is wholly responsible for decisions for their improvements. The county commission, Rardin said, can only make recommendations.

Vice Chairman Rardin pointed out that improvement of SR80 was sought in the 1955 budget but that (continued on page 5)

## Blue Devils Meet Indians Tonight

Lair Field at Pahokee will be the scene of the Suncoast Conference game of the week tonight (Friday) as the Pahokee Blue Devils, defending conference champions and currently running second in this season's race, square off against the undefeated, united conference-leading Vero Beach Indians. The invading Indians will start this game with a clean 6-0-0 record to date, while the Blue Devils, still undefeated within the conference but tied once, are sporting a slightly tarnished 5-1-1.

Coach Webb Pell and his assistant, Bill Howard, have been working hard this week trying to get the Blue Devils to snap back to their early season form following a midseason slump during which an eager and avenging Okeechobee Brahma team 7-6 and brought to a shocking halt a 14-game Blue Devil winning streak. In grinding out a 19-6 victory over Lake Worth in their comeback last week Pell's men showed improvement but still looked sluggish compared to their early season sparkle.

## Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

Further study for creation of a county-wide law enforcement school was voted Monday by the County Commission.

The board a week ago asked County Attorney Harry Johnston to check the county's authority to establish a school for law enforcement officers—a training program that was recommended by the last Grand Jury.

State Attorney Phil O'Connell advised the commission that he believed such a school should be established and that he like the commission, believed officers presently serving in law enforcement work, could act as instructors.

Johnston told the commission that it was without authority to provide funds for starting the school now but could do so in the future if legislative permission was granted.

The commission, after hearing Johnston's report, agreed to survey present law enforcement schools in the state to determine how these

schools are run by various county and city governments. Results of this research survey will be kept available for the next legislative session and could be used as the basis for special acts which would give the commission needed authority to establish a school in this county.

In another action, the board voted to call representatives of all county municipalities for a discussion on new right of way requirements set out by a legislative act reorganizing the State Road Department.

The county-wide meeting was suggested after a Lake Worth sub division plat, already approved by the Lake Worth city commission, was found to have less than the right of way required for state roads.

The commission delayed approval of the plat and voted to return the sub division plan to Lake Worth officials to see if additional right of way could be procured.

## Cinematic Chatter

By Malcolm Miller

Hello everybody. Jane Wyman calls herself "the girl who was discovered 25 pictures after becoming a star." The Academy Award winning actress today ranks among Hollywood's ten top favorites. But she had to play a series of wise-cracking roles before she could affect the stoutest hearts with her exceptional emotional range. It was "The Yearling" which first demonstrated Miss Wyman's ability to switch from musical comedy to drama. Since then "Johnny Belinda," "The Blue Veil," "The Glass Menagerie," and "So Big," among others, have established her as one of the screen's most versatile performers. Miss Wyman has taken every challenge in her stride and has always topped everything previously done. "The important thing," she points out, "is to be ready for the brakes when they come. You've got to be in the right place at the right time for the right role. Then you've got to be prepared to play any kind of role even though you've never had a chance to play them all. If the truth were known it's just as hard turning in a creditable job of singing and dancing as it is to create a good dramatic character." See you at the movies—Mal.

## LAYMENS DAY OBSERVED

Laymen's Day was observed at the Canal Point Methodist Church Sunday when A. R. Harrington spoke on "Christ's Need of Men" and reports on the recent Laymen's Retreat at the Methodist Youth Camp at Leesburg were given by Earl Maxson, Oliver Sheppard and W. E. Johnson, lay leader, who was in charge of the program.

## Barge Is Sunk By High Winds

One of Cleary Brothers Construction Company's barges loaded with steel for the Pahokee breakwater sank near the shoreline of Lake Okeechobee at the Pahokee waterfront Sunday night when it was swamped by high waves kicked up by a stiff northwest.

The loaded barge was tied up inside the L of the city pier and it is believed the pounding of the waves broadside caused the load to shift and the barge to list to one side so far as to fill the hold with water. It partly submerged in about seven feet of water.

The barge was refloated Monday evening after Fire Chief Marvin Levins put one of the city's fire trucks at the waterfront all day Monday assisting with the pumping of the water out of the hold.

## Dr. Clare Cotton Speaks To Rotes

Dr. Clare M. Cotton of West Palm Beach, superintendent of the West Palm Beach District of Methodist Churches, was guest speaker at the Thursday luncheon meeting of the Pahokee Rotary Club.

Introduced by the Rev. A. D. Houghlin, the speaker who has been serving as evangelist at the Pahokee First Methodist the past week, made an inquiry into the true meaning of the word, "Service." In his opinion the four words inscribed on the monument erected in memory of Edith Cavell, English nurse who was executed by the Germans in World War I for assisting her countrymen to escape through German lines, best symbolize the qualities of character necessary for all-out service to mankind. These words are "Humanity, Sacrifice, Fortitude and Devotion."

It was announced President Bascom A. Belcher and Secretary Vance Denton was to head the delegation representing the club at the Rotary District Conference in Miami Beach.

The club voted instead of conducting the regular meeting Nov. 10 to meet jointly at a luncheon in the Community Hall at Canal Point with the Pahokee and Canal Point Lions Clubs to hear an address by Rep. Paul Rogers on Nov. 8.

Dr. E. C. Johnson reported on the recent Girl Scout area meeting held at the Pahokee school preliminary to the reorganization of the Pahokee Girl Scouts.

Hunter Latham, Pahokee High School Senior, was the guest of Student Member Jim Seay. Other visitors were Gilbert White, Charles Baker and Fred C. Huber of West Palm Beach; W. R. Hooker and the Rev. U. W. Malcolm of Belle Glade.

to have scheduled. Lowell Woodham, field secretary of the Southern Farm Bureau from Sebring, was guest speaker and pointed out that 55 counties in Florida have organized Farm Bureaus. The Everglades group is the 56th such group in the state, he explained. He said there are 20,000 farm families represented on the membership roster of the Bureau in Florida. Mr. Woodham enumerated the many advantages gained during the past few years for the farmers through their membership in the Bureau.

Barbecued chicken with potato salad, baked beans, cole slaw, pie, cake, hot coffee and iced tea made up the menu. The chickens were barbecued by the directors of the Bureau and the wives carried covered dishes to make up one of the most delightful meals served by the bureau since its inception.

## Last Word in Farm Machinery

Curly Lawson was first in this area to use one of those roadside vending machines. He's sold milk and eggs in one about a year now, and recommends them highly—but with reservations.

"Mine's the latest model," says Curly. "Built in refrigeration unit—heater—an automatic sign turner-on for night. Takes any combination of coins."

"However," he warned, "those machines aren't cheap to buy... or operate. They run about \$3500. If you're not on the main highway like I am—where lots of city

people pass—you'd better stick to the old methods."

From where I sit, you have to admire Curly for his pioneering spirit. Of course, there's also plenty to be said for those who tend to stick to the old proven methods. People's ideas differ on the subject—on any subject. Like you may always drink butter milk with your meals... while a glass of beer's the "automatic" choice with me.

Benjamin Franklin, whose birthday is January 17, was expert in handling money and his advice is as sound today as 200 years ago. All quotations here are from his booklet, "The Way To Wealth," published 1760.

## Ben Franklin gives you some expert advice about Payroll Savings

"What though you have found no Treasure, nor has any rich Relation left you a legacy, Diligence is the Mother of Good Luck."

Have you ever wished you had \$1,000, \$5,000 or more—to buy a car, get a home, help you toward retirement? Today, it is actually easy to save such large sums! Because, today, you can have your saving done for you—with automatic diligence—through the Payroll Savings Plan.

"If you would have a faithful Servant, and one that you like, serve yourself."

Serving yourself means *keeping* some of the money you make each week and investing it, for yourself. Here's how: you just name a sum to your company's pay office—a few dollars or as much as you want. Each payday, that sum will be saved from your pay, before you get your check and invested for you in one of the world's finest investments, U. S. Series E Savings Bonds!

"Little Strokes fell great Oaks."

Because Savings Bonds earn good interest, they're soon worth more than the money you've invested in them. And how your savings mount up! Sign for as little as \$5.00 a week and in 9 years, 8 months, you'll have \$2,850 *cash*. In 19 years, 8 months, you'll have \$6,872!

"One To-day is worth two To-morrows, and farther, Have you somewhat to do To-morrow, do it To-day."

For your own sake, don't put off joining the 8 million Americans who are making their dreams come true through Payroll Savings. Sign up for Payroll Savings today. Or, if you're self-employed, invest in Savings Bonds regularly where you bank. If you want your interest as current income, ask your banker about 3% Series H Bonds which pay interest semiannually by Treasury check.

Many a Little makes a Mickle."

Among the correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (259:4 The): "The divine nature was best expressed in Christ Jesus, who threw upon mortals the truer reflection of God and lifted their lives higher than their poor thought-models would allow,—thoughts which presented man as fallen, sick, sinning, and dying."

## Blue Devils Meet—

(continued from page 1)  
night's contest. He says, "Vero Beach appears to have the strongest team in the conference this year. If we manage to take this game you can call us lucky."

The Indians' veteran backfield, ably directed by their passing Quarterback Eddie Chambliss, sparked by two fast halfbacks, Melvin Ropp and Buddy Carlson, and backed by a powerful fullback, Jumbo Jim Young, is so well-balanced and versatile in its attacks that the opposition can only guess what kind of defense to set up. The heavy line, anchored by two towering tackles, 240-pound Jody Wodtke, and 193-pound Gordon Johns-

ton, has allowed only five TD thrusts to get by it so far this season. In the last two outings the Indians, showing increasingly better form as the season advances, clubbed Clewiston, 32-6, and Stuart, 27-6.

Coach Pell says his Blue Devils are at full strength and hopes they have regained enough of their early-season spirit to stop the visitors. He is not planning any changes from last week in the hard-charging Blue Devil line. Still undecided about the backfield he may start Earl Meredith at quarterback instead of Buddy Parker and Dow McClelland instead of Weldon Cardin at fullback. Pat Turbeville and Richard Weeks will continue working from their regular halfback

slots.

A capacity crowd is expected to see tonight's clash between the conference stalwarts. The bands of both schools will participate in halftime program of entertainment on the field.
